

WHAT WORKS & WHAT DOESN'T WORK WITH PROSTATE CANCER

Tuesday 11th July 7:30pm
Foothills Hospital Auditorium

Come and join us at this Prostaïd Calgary meeting to hear Dr. Mark Moyad, University of Michigan who will speak on lifestyle changes, dietary supplements and what works and doesn't work when dealing with prostate cancer. This will be a DVD presentation, originally given by Dr. Moyad at the Canadian Prostate Cancer Network national conference.

There is **no charge to attend** any Prostaïd meeting, held on the second Tuesday of every month, at Foothills Hospital Auditorium. No tickets and no reservations required. Light refreshments will be served.

Men with prostate cancer, their partners, families and friends are all most welcome to attend. There will be time to ask questions and an opportunity to meet and talk with others on the journey with prostate cancer.

Any questions? Call Bob at (403) 253-1911 or visit www.prostaïd.org

Assisting and supporting men, their families and friends as they deal with prostate cancer, Prostaïd Calgary is an independent support group and a registered charity
